

Quilt in a Day®

Bird's Eye

◆ Q ◆ U ◆ I ◆ L ◆ T ◆

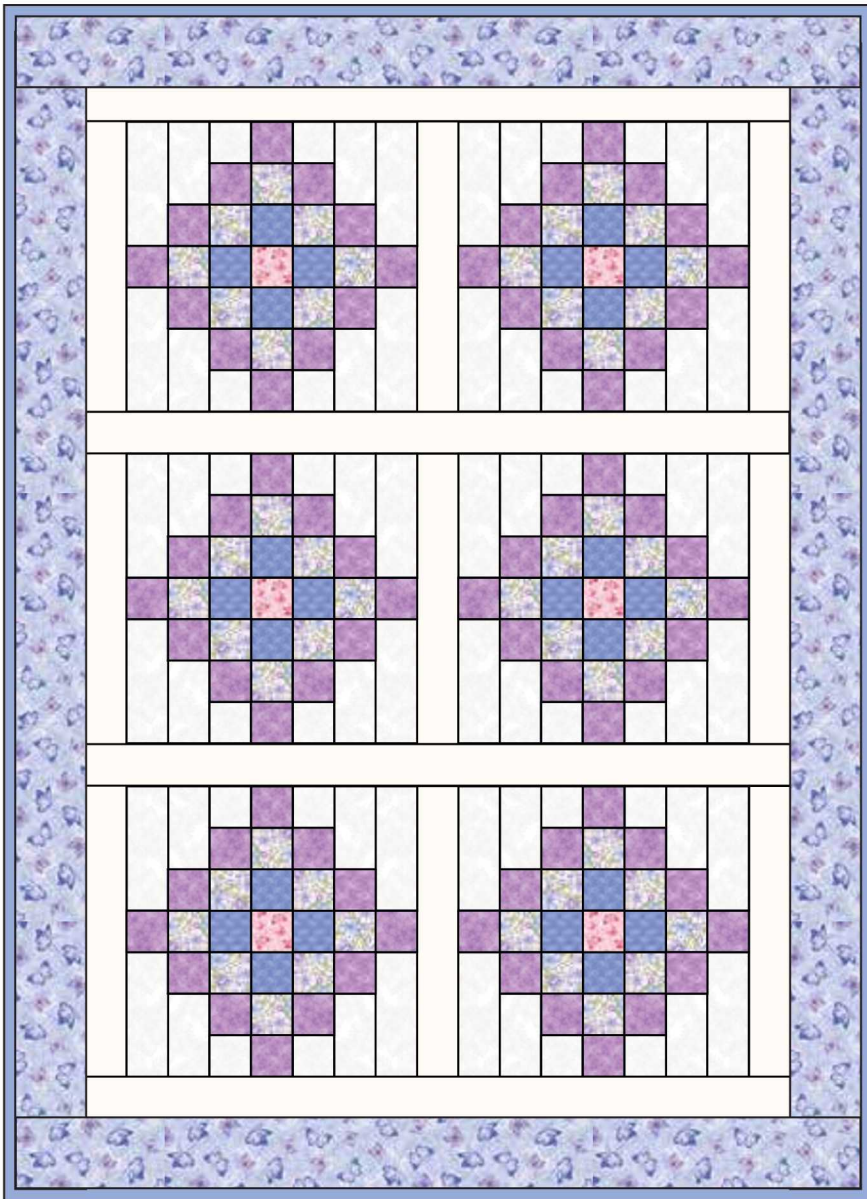

My youngest sister Judy was a wonderful person with a huge imagination. She was an avid reader, and a kind and positive thinker. Judy loved animals, flowers, gardening and children. While I was busy traveling and quilting, Judy took care of Orion and Grant when they were young.

Judy started the shipping department in my garage! When Quilt in a Day moved to a 17,000 square foot building, Judy brought along her skills for managing fabrics and shipping.

Always ready for a laugh, Judy became a favorite aunt to my boys. She read them bed-time stories and encouraged them to read on their own. Books written by Judy Blume were some of her favorites. Through this series of books, she taught Orion to read. “Judy’s Bloom” is dedicated to my youngest sister and my boy’s favorite Aunt.
